Bill Janeway

Capitalism doesn't lead to innovation, in the sense of progress for the human species. It leads to innovation in the sense of finding new ways to make as much money as possible, to suck it out of the people. To put this in another way, I once went to a lecture by a renowned cancer researcher.

Doing Capitalism in the Innovation Economy: Markets ...

Capitalism tells us that competition and compensation are the best motivators. While this is inevitably true for some individuals, the case of open source innovation is proof that motivation can rate high without either. Indeed, for the last three decades, developers and users have volunteered code to free, collaborative software projects.
