According to Princeton University, when associated with education as a discipline, “an educational philosophy is a normative theory of education that unifies pedagogy, curriculum, learning theory, and the purpose of education and is grounded in specific metaphysical, epistemological, and axiological assumptions.”

## **Differences Between Philosophy and Theory in Education**

...

Philosophy of education, philosophical reflection on the nature, aims, and problems of education. The philosophy of education is Janus-faced, looking both inward to the parent discipline of philosophy and outward to educational practice. (In this respect it is like other areas of “applied” philosophy, such as the philosophy of law, the philosophy of science, and the philosophy of medicine, including bioethics.) This dual focus requires it to work on both sides of the traditional divide ...
