Computer scientists are trying to build an AI system that can win a gold medal at the world's premier math competition. Photograph by Valerie Kuypers / AFP / Getty Images. The 61st International Mathematical Olympiad, or IMO, began yesterday. It may go down in history for at least two reasons: Due to the COVID-19 pandemic it's the first time the event has been held remotely, and it may also be the last time that artificial intelligence doesn't compete.
