You can search Google Books for any book or topic. In this case, let's go with "Alice in Wonderland" since it's a well-known book, and there's probably a free eBook or two for this title. The original work is in the public domain, so most of the variations are just with formatting and the number of illustrations included in the work. However, you might also run into several copies for sale, as reformatting the print copy into an eBook still took some work. Some of your search results may also be related works with the same title.

She commands this movie and enjoys every, single second it it. It is truly a remarkable performance and 100% deserved the Oscar. A performance that goes under-looked in this film due to Bates' focus that I think is unjust is James Caan's excellent performance as Paul Sheldon. Obviously, Bates is the star of this film and gives the best ...
