Summary Human Development Report 2014

The 2014 Human Development Report— Sustaining Progress: Reducing Vulnerabilities and Building Resilience—looks at two concepts which are both interconnected and immensely important to securing human development progress. Since the United Nations Development Programme’s (UNDP) first global Human Development Report (HDR) in 1990, most

Summary Human Development Report 2014

Abstract: As successive Human Development Reports (HDRs) have shown, most people in most countries have been doing steadily better in human development. Advances in technology, education and incomes hold ever-greater promise for longer, healthier, more secure lives. But there is also a widespread sense of precariousness in the world today—in livelihoods, in personal security, in the environment and in global politics.
